## Expanding Learning Possibilities: Exploring the Atelier & Digital Atelier

We maintain children are born with all the languages of life. The more languages we'll recognise in children, the more we can help them act and identify the methodological models they need for confronting events and experiences. Imagination and logic, as well as feelings, creativity and aesthetics have 100 roots and 100 geneses.

(Malaguzzi, 1996, p.30)

This session will focus on sharing learning opportunities and contexts designed in the Atelier spaces by the Preschool Teaching team with expert guidance from Mary (Real Kids Atelierista/Preschool Teacher) and Javeria (Prospective Digital Atelierista - Preschool Digital Atelier/Preschool Teacher).

MARY is a qualified teacher and has a Bachelor of Fine Arts degree.

JAVERIA is a qualified teacher with a Bachelor's degree in Design, specializing in Digital Design with a minor in Creative Sound Design.
